ABOUT THE INSTITUTE

Maharishi Arvind Institute of Science and Management (MAISM) belongs to the Arvind Bharti Vidyalaya Samiti which came into existence in 1975 with the inspiration from the life and thoughts of the great thinker, philosopher, yogi and saint Shri Aurbindo Ghosh. MAISM is a pioneer self-financed institute, in the state of Rajasthan. The institute is spread over 2acres of land in a lush green campus in the posh and modern locality at AMBABARI in pink city Jaipur. It's courses are approved by AICTE and are affiliated to Rajasthan Technical University, Kota.

ABOUT MSRDC RESEARCH CENTER, MAISM

Maharishi Arvind Institute of Science and Management, Japiurhas laid down the complete framework to harness the knowledge and efficiency of IT and software engineering. In this field the institute has established software development and Research Center called MSRDC, which is working as an integral part of the organization. MSRDC is a recognized PhD level Research Center in Computer Science and Applications by Rajasthan Technical University Kota.

ABOUT THE CONFERENCE

The national conference on "*Emerging Paradigms in Cloud Computing and Communication Convergence (NCEPCC – 2016)* provide a forum for the constructive interaction and exchange of ideas among researchers and practitioners involved in research work on the related topics of the conference themes. It aims at bringing together the experts in Cloud Computing and related domains to discuss their expertise and views for knowledge enhancement in handling data.

CALL FOR PAPERS

The broad research areas of the conference are as follows:

- ✓ Significant enablers of Computing and Communication Convergences
- ✓ Revolutionary Paradigms in Computing and Communication Convergences
- ✓ Revolutions in Cloud Computing Domain
- ✓ Revealing Cloud and Big Data and Deployment Models
- ✓ Big Data Infrastructure, Map Reduce and Cloud Computing
- ✓ Big Data Sharing, Security, Privacy and Trust
- ✓ Cloud Analytics
- ✓ Big Data Processing, Resource Scheduling and SLA on Cloud
- ✓ Big Data Visualization
- ✓ Biometric Security and Forensics in Big Data
- ✓ Green Cloud
- ✓ Malware and Virus Detection in Big Data
- ✓ Data Engineering,
- ✓ Data Governance & Management in Big Data
- ✓ Social Media Analysis
- ✓ NoSQL Data Stores and Database Scalability
